- Shipping costs are additional, and are typically £15 + VAT for standard next-day courier shipping for a complete system to most UK mainland addresses, but can vary according to the size of package and shipping address. Please enquire for shipping to Scottish Highlands and Islands and any other addresses not on the UK mainland.
- We hold substantial stocks of Davis stations and parts allowing in-stock items normally to be shipped within 1-3 working days. Occasionally, certain items may be on back-order from Davis and subject to 2-4 weeks shipping delay.
- Davis stations can usually be supplied with EU 2-pin mains adapter instead of the 3-pin UK adapter on request.
- The list above shows prices for our most popular Davis items. There are many other Davis accessories, components and spares not listed - please enquire for any other items that may be of interest.
